CHRISTUS Good Shepherd Marshall is scheduled for Level IV re-verification survey on July 27<sup>th</sup> and 28<sup>th</sup>. Dwain indicated that CTMF Jacksonville was recently surveyed in June and received no deficiencies.

Topic/Action 2: TETAF/GETAC Updates

Action 2:

Terri Rowden indicated the TTCF Board meeting is scheduled for 1pm today (July 16<sup>th</sup>). Terri to email out information presented after the meeting.

Topic/Action 3: Education Opportunities

Action 3:

Due to COVID-19, no educational opportunities were available.

Topic/Action 4: Trauma Registry Updates

Action 4:

Discussion related to challenges with uploading of data to the state registry from Trauma One. Recent upgrades in Trauma One are not being accepted by the state registry as the registry used by the state is outdated.

Sheryl discussed change in vendor for Trauma One from Lancet to ESO. RAC to send invoices to each facility as in the past to cover cost not covered by the RAC.

### Open Discussion

Terri Rowden received a request from Pre-Hospital/Air Medical Committee regarding use of the same language in Trauma activation. Some facilities use Category or Levels (Cat I, II, etc.) while others use Code (55,88, etc.) JoAnn indicated UTHET has a form that is used by EMS/Air Medical with activation criteria listed. CGSMC- Marshall uses a similar form. This request will require several meetings to discuss to decide if this is feasible due to different levels of services provided, resources, etc.

Adjourn: meeting was adjourned at approximately 12:45.
