Stephanie Walker  
Alicia Switzer  
Katie Jones

James Reed  
Nikishia Allen  
Jennifer Marshall  
Tori Dement  
Loretta Kuhn  
Michael Coleman

#### STROKE

1. Review data from RDC and discuss.
  - a. Recommendation was made from the committee that all facilities submit data to the RDC. Brittany stated that they no longer use GWTG so she will need to get with Jennifer to determine what data will need to be manually entered. Jennifer will send email to Allison and include Brittany to help work through this.
  - b. Data was reviewed and will continue to review on a quarterly basis.
2. Review stroke educational materials submitted for approval with grant.
  - a. Updated the committee that we have been approved for \$700 to get these 2 items printed. Jennifer will get them printed and have

available for distribution at the next General Assembly meeting. Everyone was complimentary of the designed materials.

3. Review proposed transfer document.
  - a. Everyone very much liked the document. Jennifer stated that she would send out to those in attendance to review and send back recommendations. Any suggestions or recommendations will be considered and brought back to the committee to vote at the next meeting.
4. Review proposed RAC-G Code Stroke Recommendation
  - a. Everyone agreed this was a much-needed document. Katie suggested everyone sending Jennifer their documents to try to combine into one document that work for everyone. Jennifer stated that she would review what was sent and make sure that it is aligned with the proposed document. It will be brought back to the committee for vote at the next meeting.
5. Review GETAC pediatric documents. Do we want to incorporate into our pediatric plan?
  - a. Jennifer will send these out for review. Discussion was had that we need to wait and see what is going to happen at the State level so that we do not recreate items already being worked on.
6. Any hot topics, surveys, questions?
  - a. Jacksonville had a recent survey that went well
  - b. Jamie and Jennifer are working on AHA/ASA A Heart for Stroke program that we can work on from a RAC level. More details to come as far as what this looks like and will entail

Upcoming Dates:

- GETAC June 4-6

Stroke committee adjourned at 0830 and turned over to Jamie for the Cardiac Committee meeting.
